# Instructions to Bidders Please Read Before Bidding

## TERMS OF SALE

1. All bids are to be per lot; no lots will be broken. In the event of identical bids on the same lot, the lot will be awarded to the first bid received. In the event of a dispute during floor bidding the auctioneer may at his discretion immediately put the lot up for sale again.

2. All sales are strictly for cash payable in U.S. dollars drawn on a U.S. bank. Invoices must be paid within 5 days of receipt. Shipping, handling, postage and registration charges will be added for lots delivered by mail. All bidders not furnishing resale permits will be responsible for sales tax as required under the law for lots delivered in the state of California. Any account not paid within the prescribed terms as outlined above will be billed additional interest and collection charges.

3. Bidders not known to us must furnish satisfactory references and/or a deposit equal to 25% of the bids submitted (which will be applied to purchases; any difference will be billed; any overage will be refunded). We reserve the right to obtain payment in full before delivery of the lots from any successful bidder even if satisfactory references are submitted. Title does not pass until lots are paid for in full.

4. No "buy" or unlimited bids will be accepted. No bids will be accepted from minors. The auctioneer and/or the cataloguer reserves the right to refuse any bid which, in our opinion, is not made in good faith or does not qualify credit-wise.

5. All items are guaranteed genuine.

6. We cannot be responsible for your errors in bidding, so check your bid sheet carefully. Please bid in even dollar amounts. All bids not in even dollar figures, including those increased by 10% to 20% (see our special service on the bid sheet), will be rounded off to the lower whole dollar amount. All bid sheets must be signed.

7. Auction sales are not approval sales. Any lot may be examined before bidding. No lot may be returned by a mail bidder without our permission in writing. Requests to return coins must be made in writing within three days of receipt of the coins. Late remittance for purchases, however, is cause to negate this privilege.

8. No lots may be returned for any reason by floor buyers (including those acting as agents for others). All floor sales are final.

9. Any claims involving errors in the catalogue or for other reasons must be made within three days of receipt of the coins. Bowers and Ruddy Galleries acts as agents for the various consignors. For this reason, no claims of any kind can be considered after the settlements have been made with the consignors. Any dispute after the settlement date is strictly between the bidder and the consignor, without involvement or responsibility of Bowers and Ruddy Galleries and/or the cataloguers. Bowers and Ruddy Galleries reserves the right to include its own material in any auction. In the event of a typographical error or attribution error or other error, the cataloguer reserves the right to withdraw any item from the sale without notice, or, if the error is discovered at a later date, to refund the buyer's money without further obligation. By placing a bid in this sale you agree that this transaction and these terms shall be construed in accordance with the laws of the state of California. Any controversy or claim arising out of or relating to this sale shall be settled by binding arbitration in Los Angeles, California, in accordance with the rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

## INSTRUCTIONS FOR MAIL BIDDERS

*Deadline for receipt of mail bids: Noon Thursday, June 11, 1981. We recommend that you mail your bid sheet at least ten days prior to this date as mail delivery is sometimes uncertain.*

Be sure to read the TERMS OF SALE as they apply to mail bidders as well as floor bidders. Also see our *Helpful Mail Bidding Suggestions* in this catalogue.

A bid sheet has been provided with this catalogue. Double check your bids before sending them, for we cannot be responsible for any errors on your bid sheet. Mail your bids early! Deadline for receipt of mail bids is Thursday, June 11, 1981.

If you bid by mail we will act as your agent and will buy for you under your bid if there is a spread of 5% to 10% or more between your bid and the next highest bid. At Bowers and Ruddy Galleries there is no commission or so-called "buyer's charge" to pay when we handle your mail bid. Each bid will receive the careful attention of our staff.

Please check the catalogue carefully. This outstanding auction sale offers you a truly significant opportunity to acquire choice and beautiful pieces.

# Introduction

elcome to a magnificent catalogue of foreign coins featuring the property of Earl Victor Tuttle and other consignors.

The field of world coins is as vast and diverse as the world itself. The present offering, catalogued by Robert van Bebbber, includes rare issues as well as those more often seen. Among the highlights are the following:

A selection of ancient coins including several Athenian tetradrachms and a run of interesting Roman silver denarii. Several pre-Meiji Japanese gold coins are up for bidding competition, including an Ansei Era Koban. Among silver issues is a group of Holy Roman Empire talers including most rulers. A particular highlight is an example of the world's first taler, the famous issue of 1486, as well as the rare 1479 (1511) show guldiner issued for the marriage of Maximilian I to Maria of Burgundy.

Among Canadian coins in the catalogue is the exceedingly rare 1870 plain edge pattern quarter and a choice offering of silver dollars, including two examples of the prized 1948 date.

An extensive run of Chinese fantasy dollars will undoubtedly attract attention as will some nice French crowns, including pretender and satirical pieces.

Among German issues is a large and impressive 1654 4 Taler piece of Brunswick-Luneburg as well as many other early talers of other states.

The Great Britain section of the catalogue contains choice crowns of the Commonwealth, Oliver Cromwell, James II and William III, to mention a few of the earlier highlights. A threepence model piece of King Edward VIII will undoubtedly evoke spirited bidding.

Japanese silver coins include a large group of pre-Meiji pieces seldom encountered in this country. There are several early Netherlands pieces including a Zeeland Leicester Real of 50 Stuivers. New Zealand is represented by a popular "Waitangi" Crown. Two pieces of Swedish plate money are fascinating to consider as are several early talers.

Swiss coins include a Basel 1494 Guldiner as well as several shooting medals and talers.

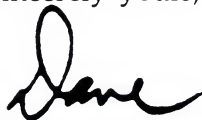

In addition to these highlights there are many other issues of greater or lesser significance — literally something for everyone.

The MacFarland Sale, held by us a few months ago in January, attracted more bidders than any other world coin sale we have ever conducted. Many collectors are giving world coins a closer scrutiny, realizing that there are many attractive purchase opportunities. And, it is significant to mention that a good percentage of this buying activity has been from dealers as well — perhaps an indication of additional strength ahead.

Check the catalogue over carefully and bid on those which are of greatest interest to you. We suggest that you bid liberally on the items of most importance, and bid conservatively on those which you wish to buy only if they seem to be bargains. Who knows? Perhaps some of your bids will be successful. The more items you bid on, the greater your chances of success will be. One thing is certain, however: If you don't bid, you have no chance of success. After each and every sale we have ever conducted we receive laments after the prices realized list is published. "If I had known that such and such coin was going to sell for such and such price, I certainly would have bid on it! Can you write to the purchaser and see if he will take a profit?" Well, by that time the coin is already gone, and the chances of getting it, even at a nominal profit over the price it sold for, are nil. Right now, today, each and every coin in the catalogue is potentially yours. Whether or not you own it depends on whether you bid on it and how much bid. These factors are up to you — all we can do is lend our encouragement. If you are successful we do know that some truly beautiful coins will soon be in your possession.

Thank you for your continued patronage and interest. We look forward to receiving your bid sheets by mail or look forward to seeing you in person here at the sale.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Q. David Bowers". The signature is fluid and cursive, with a large initial "Q" and a stylized "B".

# Earl Victor Tuttle

Earl Tuttle was born November 2nd, 1898 in Haverhill, Massachusetts. His father, who preferred farming to working in the mills of Haverhill, moved his family to farms in Vermont and New Hampshire. Finally he settled on a farm of his own in Auburn, a small town west of Worcester, Massachusetts.

Earl attended public schools in New Hampshire and Auburn, helping his father on the farm at the same time. He and his older brother Chester supplemented the family income by doing odd jobs. Earl's particular assignment being that of the village paperboy.

During World War I, his father gave up farming to drive horse-drawn trolleys in Worcester. Earl, at 18 years old, studied to become a serious professional boxer. A few fights however, showed that Earl, a good boxer, lacked a powerful right fist and he wisely decided to abandon boxing and turned to steam locomotives.

In his 50 years working on the railroad, Earl rose in the ranks of the yard men at Worcester until he became the chief inspector responsible for the safety of all passenger and freight trains that passed through the station.

A member of the "Brotherhood of Railway Carmen of America", an affiliate of the AFL-CIO, Earl represented his local union chapter at the national conventions. In arbitrations with the local railroad executives, he fought the battles of his union members without reservation until the day he retired in 1965.

On July 19, 1933, Earl Tuttle married Mabel Erickson, an employee of the Worcester Telephone Co. They pooled their incomes, to purchase Mabel's family home on Grafton St., Worcester, where Earl lived the rest of his life. They had no children.

Earl began to collect and accumulate coins at an early age, arranging in order the cents he gathered from his paper route. It was not long before he left behind the collecting of U.S. coins from circulation and succumbed to the romance of foreign coins. As his numismatic interests developed, he began to concentrate on foreign silver crowns, talers and dollars. Over the years, his collection grew to contain nearly all of the significant coins in this field, from Archduke Maximilian's 1479 marriage taler to the 1935 Waitangi crown of New Zealand. It was rare to find on display a crown-sized coin that Earl could not duplicate in his collection.

His wife Mabel shared his numismatic as well as his daily life, and began to assemble a collection of her own. She became his constant companion at all numismatic gatherings and events. "Earl and Mabel" became almost like a single person to the numismatic fraternity.

In this numismatic fraternity, Earl was extremely active. He belonged to the national American Numismatic Association, the regional New England Numismatic Association, the prestigious Boston Numismatic Society, his own Worcester County Numismatic Society and at least seven other clubs from Rhode Island to Maine. He was active and respected in every one of them. With his wife, he regularly attended the National, Regional, and State conventions and the meetings of his local clubs, serving as officer in most of them. He was a President of both NENA and BNS and lectured or exhibited at both of them. There was no significant undertaking in New England numismatic circles in which he did not participate and contribute.

The efforts Earl made towards the science of numismatics and its organizations were nationally recognized when he was chosen in 1975 as a recipient of the "Numismatic Ambassador" award by the Numismatic News.

Earl died on May 5th, 1980, after a short but serious illness, at the age of 82. The numismatists of New England, will never be able to replace Earl Victor Tuttle. He has left us a memory and a vacancy which, to his contemporaries, no one else can fill.
